DOE/ERA Opinion and Order No. 268-A

Order Denying Rehearing

On August 31, 1988, the Economic Regulatory Administration (ERA) of the Department of Energy (DOE) issued DOE/ERA Opinion and Order No. 268 (1 ERA Para. 70,808) to Alenco Resources Inc. (Alenco) in ERA Docket 88-08-NG which granted Alenco blanket authorization under Section 3 of the Natural Gas Act (NGA) to import natural gas from Canada for short-term and spot market sales and to export domestic natural gas for short-term and spot sales in Canada. On September 30, 1988, one party, the Producer Associations, representing nine separate groups listed in Order 268, filed an application for rehearing of that Order.

In support of their request, the Producer Associations allege several errors, which, however phrased, involve the same issues raised in their original intervention and protest. No new issue or information was presented on rehearing. ERA adequately addressed each and every one of their points in Order 268. For the reasons stated in that Order, those arguments are rejected. Therefore, pursuant to Sections 3 and 19 of the NGA, this application for rehearing is hereby denied.

Issued in Washington, D.C., on October 31, 1988.
