ORDER GRANTING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 847

SEPTEMBER 30, 1993

I. DESCRIPTION OF REQUEST _____

On September 8, 1993, Wisconsin Gas Company (Wisconsin Gas) filed an application with the Office of Fossil Energy of the Department of Energy (DOE), under section 3 of the Natural Gas Act (NGA)1/, and DOE Delegation Order Nos. 0204-111 and

0204-127, requesting blanket authorization to import natural gas from Canada. The authorization would allow Wisconsin Gas to import up to 200 Bcf of gas over a period of two years beginning on the date of the first delivery. Wisconsin Gas, a public utility with its principal place of business in Milwaukee, Wisconsin, is a subsidiary of WICOR, Inc., a Wisconsin corporation. Wisconsin Gas will import the gas under short-term and spot market agreements, either on its own behalf or as the agent for others. The requested authorization does not involve the construction of new pipeline facilities.

II. FINDING _____

The application filed by Wisconsin Gas has been evaluated to determine if the proposed import arrangement meets the public interest requirements of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the importation of natural gas from a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas is deemed to be consistent with the public interest and must be granted without modification or delay. The authorization sought by Wisconsin Gas to import natural gas from Canada, a nation with which a free

trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This blanket order authorizes transactions under contracts with terms of no longer than two years.

ORDER

Pursuant to section 3 of the Natural Gas Act, it is ordered that:

A. Wisconsin Gas Company (Wisconsin Gas) is authorized to import from Canada, at any point on the international border, up to 200 Bcf of natural gas over a period of two years beginning on the date of the first delivery.

B. Within two weeks after deliveries begin, Wisconsin Gas shall provide written notification to the Office of Fuels Programs, Fossil Energy, Room 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, of the date that the first import of natural gas authorized in Ordering Paragraph A above occurred.

C. With respect to the natural gas imports authorized by this Order, Wisconsin Gas shall file with the Office of Fuels Programs, within 30 days following each calendar quarter, quarterly reports indicating whether imports have been made. Quarterly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of "no activity" for that calendar quarter must be filed. If imports have occurred, Wisconsin Gas must report monthly total volumes in Mcf and the average purchase price per MMBtu at the international

border. The reports shall also provide the details of each import transaction, including: (1) the name of the seller(s); (2) the name of the purchaser(s); (3) the estimated or actual duration of the agreement(s); (4) the name of the U.S. transporter(s); (5) the point(s) of entry; (6) the geographic market(s) served; (7) whether the sales are being made on an interruptible or firm basis; and, if applicable, (8) the per unit (MMBtu) demand/commodity/reservation charge breakdown of the contract price.

D. The first quarterly report required by Ordering Paragraph C is due not later than October 30, 1993, and should cover the period from the date of this order until the end of the third calendar quarter, September 30, 1993.

Issued in Washington, D.C., on September 30, 1993.
