ORDER VACATING BLANKET AUTHORIZATION
TO IMPORT NATURAL GAS FROM CANADA

DOE/FE ORDER NO. 2207-A

On May 22, 2006, the Office of Fossil Energy (FE) of the Department of Energy (DOE) granted blanket authorization to United States Gypsum Company, (U.S. Gypsum) in DOE/FE Order No. 2207 (Order 2207) (2 FE ¶71,265) to import up to 7.3 billion cubic feet (Bcf) of natural gas from Canada over a two-year term beginning on May 22, 2006, and extending through May 21, 2008.

On September 26, 2007, U.S. Gypsum requested new blanket authority increasing their volumes from 7.3 billion cubic feet to 17.5 billion cubic feet. Since the new authorization will supersede the current authorization, U.S. Gypsum has requested that DOE vacate Order 2207 effective November 1, 2007.

Accordingly, pursuant to section 3 of the Natural Gas Act, the authorization to import natural gas granted to U.S. Gypsum in Order 2207 is hereby vacated, effective November 1, 2007.

Issued in Washington, D.C., on October 18, 2007.
